

ILA Membership Committee Report
April 7, 2006

Personal, institutional, and corporate membership forms have been updated for 2006 and are all available on the ILA website.

Personal Memberships

We sent out 720 personal membership brochures on January 4, 2006. There are currently 347 individual memberships for 2006. The committee will be sending out a reminder soon to those who haven't yet renewed to encourage them to renew in time to receive a ballot for the ILA elections.

Institutional Memberships

Letters and institutional membership application forms were mailed to 189 public, academic, and special libraries throughout the state on March 6, 2006. To date we have received 12 institutional memberships for 2006.

Corporate Memberships

The Membership Committee worked closely with the Exhibits Chair, Linnea Marshall, to revise the letters to be sent to potential corporate members. These letters and corporate membership forms were sent out last week to approximately 200 potential corporate members, with the ILA annual conference exhibits information.

Additional copies of the ILA 2006 personal membership brochures and institutional membership application forms are available. We'd appreciate your help in contacting any new librarians in the state who may be interested in joining ILA.
