

# **ILA Web Master Report**

4/23/04

## ***Redesigned Web Site Posted***

On March 8<sup>th</sup>, I announced the redesigned ILA web site on the LibIdaho listserv. Responses were positive. The site's been up for over a month, and there hasn't been any trouble with it.

The old design of the site has been archived, and is available at <http://www.idaholibraries.org/archive> .

## ***Spring Regional Conferences***

Spring Regional Conferences are underway and the corresponding section of the web site, maintained by Penni Cyr, is wonderfully up-to-date and easy to use.

## ***New Publications***

A new Trustees and Friends Newsletter is available at <http://www.idaholibraries.org/divisions/trustees/ILANLMar2004.pdf> .

The February 2004 issue of the Idaho Librarian is about disasters. It's at <http://www.idaholibraries.org/newidaholibrarian/200402/index.htm> .

## ***ILA Logo***

I've made the ILA logo available in the Officer's section of the web site. It comes in small, medium and large sizes. This is an exceptionally clean rendering of the logo, which in the past has been beset with problems of clarity. Thanks to new graphic editing software, however, I've been able to create a very clean copy from "a scan of a photocopy" of the logo.

Respectfully Submitted,

Michael Samuelson
