

ILA Web Master Report

9/20/04

Web Site Maintenance

The new web design is working well. We have fewer inquiries regarding to the locations of site resources, and this suggests users are finding what they want with more ease.

The web site has seen only routine and minor updates as new Idaho Librarian issues are released, conference information is posted, and other updates and additions occur. There is usually a flurry of activity before and after the Annual Conference, so stay tuned.

Web Hosting Renewed for Another Year

The web hosting fee of \$119.40 has been paid for another year. The next renewal date is set for October 29th of 2005.

Respectfully Submitted,

Michael Samuelson
