

**Idaho Library Association Board Meeting  
January 9, 2004  
Trustees and Friends Division Report**

I am currently in the process of designing the next Trustees and Friends newsletter and contemplating content. Here is what I am currently thinking of including:

1. As customary, I will showcase a particular friends group and I think that West Bonner highly deserves to be included in the next issue.
2. I'm considering an article on the new volunteer program engineered by recently retired University of Idaho Human Resources manager Silva Staab for the Moscow Library system.
3. I'm thinking about an article on wireless connectivity for libraries.
4. I will include an article on the latest LSTA grant awards and encourage libraries to apply, as something like \$500,000 has not been awarded of the 1.2 million available this year.
5. I may mention regional conferences and encourage T&F's to attend.

Please offer further suggestions for content that would be useful for trustees and friends groups. The newsletter will come out in March/April 2004.

Respectfully submitted,

Timothy S. Hillebrand, Ph.D.  
Division Chair
