

**Idaho Library Association  
Academic and Special Libraries Division**

**Division Report  
October 1, 2003**

Since April 2003, the Academic and Special Libraries Division representative has been working to prepare for the Annual Conference in Post Falls.

The Division will be sponsoring 3 programs:

“Designing Accessible Web Sites,” presented by Michael Samuelson

“Lessons Learned from the Virtual World,” presented by Janet Strong, Terri Wear, Glenna Rhodes, and Jim Jatkevicius

“LiLI - A Look at Statewide Reciprocal Borrowing,” presented by Brenda Bailey-Hainer of the Colorado State Library

The Division’s annual meeting will be held at 8:00am on Friday, October 3<sup>rd</sup>. After informal inquiries with the Academic library directors, it was decided that the division meeting will take the format of an informal round table discussion to share news and information about academic and special library activities in Idaho.

No further work has been completed on the ILL Code update project.

The Cooperative Purchasing website remains available online via the ILA Website.
