

Dear Valerie & Members of the ILA Executive Board,

Regarding the \$500 donation to the Idaho Library Association by East Bonner County Library District friends, trustees & staff, it is the desire of donors that:

- \$100 be gifted to the children's/youth services department of the home library of the annual recipient of the ILA Youth Services Librarian of the Year award, whenever such an award is made;
- that this award be administered by the Scholarships, Recruitment & Awards Committee; and that
- the distribution of this gift be limited to funds from voluntary contributions, only.
- Donors do not wish to burden ILA with another financial obligation and see the role of the Association as simply distributing their gift, until all funds are depleted.

Funding is made available in honor of Patricia DeMarco, recently retired EBCL librarian and recipient of the 2005 ILA Youth Services Librarian of the Year award. This is seen as another opportunity and means of saying thank you to librarians who work closely with youth.

Thank you for your consideration of this request.

Respectfully,

Wayne L. Gunter, Director

East Bonner County Library District
