

Should we change the evaluation form?

Name	Yes	Comments	No	Comments
Ellen			✓	Let's keep the form as it is.
Karen	✓ ?	It might be useful to require more than a number ranking for each category		
Jim			✓	The form seems suitable to our purposes
Cheri	✓ ?	I found the form we used a bit awkward, and am more concerned with content and form than production value (although it has a place.)		
Jane	?	I don't have any ideas or suggestions on changing the form, but would like to see any new ideas.		
Ruth	?	Kathy and I corresponded about the form during the review process. I'm not totally happy with the form because I think it emphasizes production values too much. But, I found a way to work with it this year and to address the "outstanding-ness" that is required by our mission statement. If the Committee suggests form revision, I volunteer to participate ...		
Romana	✓	I would like to suggest that a form/content combination be added to the evaluation list.		
Ann			✓	
Sheila	?	If anyone has suggestions for the form, I would love to see them.

Kristi	?	I will see if I can see if I can think of any useful ideas		
Kathy		The basic form is fine, will assist in any changes the committee decides on..	?	
MaryAnn	?	Ruth has some excellent points. I agree with all three of her statements. How often has the evaluation form been revised?
